Gostinska kuća

Dobrodošli to the Guesthouse of the our church

People from all over the world and from every religion and nomination stay with us in our guesthouse and enjoj the wonderfull surroundings of the city of Ohrid and the lake.

Ohrid is commonly referred to as the pearl of the Balkans. When one wanders along the shores of the Ohrid lake surrounded by high knowy mountains and through the narrow streets of the ancient city or one of the many beautifull villages one realises that this is no overstatement!

We are just a 3 minute walk away from the central square of Ohrid and we're almost directly at the lake.

Our guesthouse provides an excellent venue for group activites such as seminars and cultural events. Church choirs and other choirs are welcomme to use the church for their rehearsals or even a concert if they wish (for classical and religious music).

We can provide the following facilities:

We have rooms with two or three beds and four dormitories, two of which have 6 beds and the other two 7 and 8 beds respectively (partitions between the beds provide for needed privacy).

The private rooms have their own bathroom with shower.

We also have one apartment with two rooms with two beds each, a bathroom, it's own kitchen with dining table and a balcony.

Furthermore we have a dining/seminar room and all the facilities needed for seminars such as a projector, audio equipment and the like.

For groups bigger than 10 people we can provide breakfast, lunch and dinner.

We are able to accommodate up to 53 people.

For more information or for reservations please feel free to contact us by phone, fax or email.
